The new healthy eating and lifestyle book from the inspirational and widely followed personal trainer, Kayla Itsines.

Laurence Wylie (1919-1995), a renowned scholar and teacher of French at Harvard, assembled this collection of French conventional gestures after studying at the Jacques Lecoq school of mime in Paris. The more than 60 photographs of him portraying the gestures are not only a delightful introduction to French "body talk" but also a stimulating insight into French culture and an excellent way to engage students of French. The Advanced Reasoning Forum is pleased to make available again this charming book first published in 1977.

A health and hygiene handbook for boys eight and older provides practical information on taking care of different parts of the body, such as the mouth, feet, and private parts, and discusses the changes that come with puberty.

Boys' Health and Hygiene

To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide – Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide – Sixth Edition – PMI’s flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today’s market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

France attracts more tourists than any other country in the world. Step inside this colorful book to learn why people love it so much. Then make French-inspired crafts you can keep or give as gifts, and cook some delicious French food for your friends and family. Make a paper stained-glass window for your room, and find out why the real stained-glass windows in one of the world’s greatest cathedrals were taken apart piece by piece. Build a model château, and learn where the rich people made their homes in France. Paint an animal like the ones found in an ancient cave called Lascaux. Then impress everyone by whipping up some dessert crepes or a basket of crispy French fries. As you craft and cook your way through France with the projects and recipes in this book, you’ll come to love this wonderful country, too. Vive la France!

Polynesia French Investment and Business Guide - Strategic and Practical Information

NEW YORK TIMES BESTSELLER • Bill Bryson, bestselling author of A Short History of Nearly Everything, takes us on a head-to-toe tour of the marvel that is the human body—with a new afterword for this edition. Bill Bryson once again proves himself to be an incomparable companion as he guides us through the human body—how it functions, its remarkable ability to heal itself, and (unfortunately) the ways it can fail. Full of extraordinary facts (your body made a million red blood cells since you started reading this) and irresistible Brysonesque anecdotes, The Body will lead you to a deeper understanding of the miracle that is life in general and you in particular. As Bill Bryson writes, “We pass our existence within this wobble of flesh and yet take it almost entirely for granted.” The Body will cure that indifference with generous doses of wondrous, compulsively readable facts and information. As addictive as it is comprehensive, this is Bryson at his very best, a must-read owner’s manual for every body.
