this book draws on the experience of Eddie Paul in acquiring, constructing and modifying the cars for both movies. This book, with 300 color illustrations, reveals how the automotive stunts were choreographed, performed and filmed. This is a true insider's guide to the exciting world of fast cars, thrilling stunts, and motion-picture production.

3rd EDITION! Go behind the scenes of the production of "The Fast and The Furious" ad "2 Fast 2 Furious," the movies that launched a multi-billion dollar franchise and reignited the motoring passion for millions of fans globally. Written by the film's Technical Advisor, Craig Lieberman, who not only consulted on the film, he also owned and built several of the main cars for the movies including his own personal Toyota Supra Turbo, his R34 Nissan Skyline GT-R and his Nissan Maxima. Lieberman worked closely with Universal's production and post-production teams and consulted on every aspect of the film's production, from the dialog, and the vehicle selection to marketing and Home theater release.

granting us access to any experience imaginable. These experiences, ones that the brain is convinced are real, will soon be available everywhere. In *Experience on Demand*, Jeremy Bailenson draws upon two decades spent researching the psychological effects of VR to help readers understand its upsides and possible downsides. He offers expert guidelines for interacting with VR, and describes the profound ways this technology can be put to use to hone our performance, help us recover from trauma, improve our learning, and even enhance our empathic and imaginative capacities so that we treat others and ourselves better.

The Ultimate Fighting Champion Hall of Famer tells his story in this no-holds-barred memoir—featuring a bonus chapter in this updated American edition. In *Quitters Never Win*, Michael Bisping—Britain’s own Rocky Balboa—tells his life story from childhood as a British Army brat to a legendary mixed martial arts career and induction into the UFC Hall of Fame. The ultimate UFC underdog, Bisping fought his way to Number One contender three times, only to be knocked back each time. But he refused to give in, clawing his way to his first World Title shot at the age of thirty-seven—and becoming the first ever British UFC world champion. Bisping offers fresh insights about his fighting career, never-before-told stories about his film and TV career, and a harrowing

account of his fighting off attempted kidnappers while filming in South Africa. Loaded with the humor and brutal honesty that first won him a following on the television show *Ultimate Fighter 3*, Bisping recounts his record setting thirteen-year fight career battling the likes of Anderson Silva, Georges St-Pierre, and Dan Henderson.

Understand and use the latest developments to make an impact on business strategy as well as create a fair, inclusive and progressive working environment with this fully revised second edition of *Transformational HR*. This is the practical guide professionals need to unlock HR's potential as a powerhouse for organizational success, putting transformational HR in context, exploring what has and hasn't worked until now, and setting out a vision of what HR can be. Alongside critical discussion of the latest developments and business models, including agile and humanist ways of working, *Transformational HR* provides tools and advice for HR professionals aspiring to become more responsive, forward-thinking and impact-led. This updated edition features brand new case studies from companies who have adopted these models and transformed their workplaces, with examples from all sectors where organisations and their HR teams have used this book as inspiration. It is a blueprint for enabling the HR function to be a driving force for organizational success and create more

This year's issue contains several articles about eSports. This time there are more research articles included. The topics range from research about eSports spectatorship, the informal roles in Counter-Strike Teams, a potential reverse gamification effect, the chances of eSports being an Olympic discipline, the connection between League of Legend teams and the owning corporations, the ergonomics in eSports and the health perception of gamers, to the potential shift in FPS games. The book is a statement: eSports is not only booming in the business context but increasingly gains attention in research as well.
