The international bestseller—published in more than forty languages! A twenty-first-century parable in the tradition of The Alchemist, The Little Prince, and Jonathan Livingston Seagull. The Missing Rose is the story of Diana, a willful young woman who, following the death of her mother, sets out on a quest to find the twin she never knew she had. Although she is both beautiful and wealthy, Diana is confused and angry with life. Her overwhelming desire for approval has caused her to let go of her dreams, and now she does not know who she really is. Diana's search for her twin, Mary, leads her to a magical garden in Istanbul, where she learns the philosophy of roses. Later at home, by the sea in Rio, she meets the enigmatic artist Matthias, who also challenges her understanding of the world. An enchanting and multilayered tale of chance encounters, magical gardens, vibrant cityscapes, and transformative learning, The Missing Rose is a profound modern-day fable about the wisdom of the heart.

Assigned to write a monograph about a famous sixteenth-century garden, aimless young Cambridge scholar Adam Banting visits the enigmatic garden only to discover clues that the woman to whom the garden was dedicated may have been murdered, a finding that points to a related and more recent killing. An uplifting and poignant story about a former service beagle named Stella who must find the courage to overcome her fears and use her special nose to save a girl's life. Ever since Stella was a puppy, she was trained to use her powerful beagle nose to sniff out chemicals used in explosives and warn her human handler in order to keep people safe. But during a routine security inspection, Stella is distracted and misses the scent of an explosive chemical. The sound of the blast is loud and scary. Stella survives but her handler--her best friend in the whole world--is gone. Stella blames herself, certain she's a bad dog. Scared of loud noises, especially thunder and fireworks, Stella struggles with her anxiety and must be retired from being a service animal. Several families try to foster her, but sometimes Stella is so scared she howls or digs or tears things up with her teeth. She wonders if anyone will want to adopt her. An expert dog trainer, Esperanza, thinks she can help. It's Stella's last chance to prove she can be a good dog. Stella has every reason to love her new family, especially the young human named Chloe who smells like chocolate chip cookies, newly cut grass, the pages of books, and something else--a strange chemical she can't quite identify. Chloe has epilepsy, and a chemical inside her body surges just before she has a seizure. Stella's nose makes the connection. But how can she warn Esperanza without her thinking it's just Stella's usual anxiety? How can she convince her new family that she can be a new kind of service dog and hopefully save Chloe's life? Told from Stella's point of view, readers will experience life through a dog's eyes, ears, and, especially, her nose. Like Babe the pig or Ivan the gorilla, Stella the beagle is an extraordinary story for kids who love animals. An endearing novel of courage, compassion, friendship, and love.

"Twin teen girls with very different upbringings meet for the first time at their mother's funeral. As they get to know each other, it becomes clear that one of the sisters is driven by a secret destructive power-or is it both?"--

In the summer of 1942, Max Chadwick is the British officer charged with manipulating the news on Malta to bolster the population's fragile esprit de corps, as the small windswept island endures relentless Axis air raids. The fiercely independent Maltese, and a few broken-down fighter planes, are all that stand in the face of Nazi occupation and perhaps even victory--for Malta is the stepping-stone the Germans need between Europe and North Africa. When Max learns of the brutal murder of a young island woman--along with evidence that the crime may have been committed by a British officer--he knows that the Maltese loyalty to the war effort could be instantly shattered. Max must investigate the murder--beyond the gaze of his superiors, friends, and even the woman he loves--as the clock ticks down toward all-out invasion.
